

EnABLE Your Board

"You must do well to do good."

Energize

Energize board members to invest in the organization.
Instill in your leadership the joy of generosity that motivates and better equips the organization.

Assess

Assess your strengths and make a plan to capitalize on them.
Assess your weaknesses and formulate recommendations to overcome them.

Build

Build your board and build your presence, and thus build the community's support.
Implement critical tools to ensure proper board enlistment, orientation, and development of an effective board

Leverage

Leverage the knowledge, skills and connections of board members.
Put board members to work with specific tasks that advance the efforts of the organization.

Engage

Engage board members and staff in an enlivened partnership working cohesively toward common goals.
Make your board a "working board" of individuals passionate about and committed to the organization.

The "EnABLE" process provides the mechanisms to make these steps possible, and the accountability to ensure the organization's full potential is reached.

To "EnABLE" your board, contact Capital Development Services for a customized proposal including full detail of "EnABLE" elements best suited to the organization, such as:

- Board/senior staff self-evaluation survey
- Board/senior staff joint venture development half-day interactive session
- Results presentation at a board meeting
- Introductory assessment of strengths/weaknesses and results-oriented actions
- Specific tools to build a better board from recruitment through orientation
- Strategies to implement in order to leverage board members' various skills
- Staff/board engagement best practices with a guidemap for implementation
- Ensure sustainability through board & staff ownership of action plan
- Follow-up check-in meetings to ensure accountability and address concerns
- Timeline for full "EnABLE" program, including goals and benchmarks
- Full cost details
